

TOYOTA

GVIF-LEX-

SKU# NTV-KIT223

The GVIF-LEX is a video interface module for select Lexus vehicles. It has a dedicated rear view camera and RGBs input in addition to three Audio and Video inputs and an A/V switcher with an output for external monitors. Audio integration into the factory system requires either an FM modulator or the factory aux audio input. The most common use of the GVIF-LEX is to add a rear view, front view or FLIR night vision camera, an aftermarket DVD player, video iPod or game station to the vehicle's factory color LCD screen. Video in motion for the aftermarket accessories is supported.

RGBLEX+

SKU# NTV-KIT062

The RGBLEX+ is a video interface for select Lexus vehicles. It allow the integration of a rear view camera to be viewed on the factory LCD screen. Additionally, the interface allows for an additional video source to be viewed on the factory LCD screen and supports video in motion of the external input. Audio integration is achieved via the factory auxiliary audio input or an FM modulator. **VEHICLE MUST BE EQUIPPED WITH THE FACTORY NAVIGATION SYSTEM AND MUST BE IN THE NAVIGATION MODE TO VIEW THE VIDEO INPUTS**

TOY04

SKU# NTV-KIT336

The TOY04 is an Audio/Video interface for select Lexus and Toyota vehicles. This solution allows for an external A/V source to be displayed on the factory LCD screen and introduces audio into the factory sound system. Video in motion requires either the included wiring solution or an unsupported 3rd party video in motion module.

TOYCAM-2

SKU# NTV-KIT337

The TOYCAM-2 is a plug-and-play rear view camera interface including a Sony HADII rear view camera with a 160 degree viewing angle and a lux of 0.05 for proper operation, even in extremely low light conditions. The rear view camera is displayed automatically on the factory LCD screen whenever the vehicle is placed into reverse.

TOYCAM SKU# NTV-KIT057

The TOYCAM is a plug-and-play rear view camera interface including a Sony CCD rear view camera with 170 degree field of view and a lux of .1 for proper operation, even in low light conditions. The rear view camera is displayed automatically on the factory LCD screen whenever the vehicle is placed into reverse.

REQUIRES THE TOYCAM HARNESS IN ALL APPLICATIONS WHERE THE TOYCAM HARNESS IS LISTED IN ADDITION TO THE TOYCAM

TOYCAM HARNESS

SKU# NTV-ASY116

The TOYCAM HARNESS is a plug-and-play adapter harness necessary for select Toyota vehicles when installing the TOYCAM.

OPTIONAL REQUIRED HARNESS FOR SELECT TOYOTA VEHICLES. DOES NOT COME WITH THE TOYCAM.

RGB2+ SKU# NTV-KIT038

INTENDED USES

- Automatic rear view camera while in reverse
- Video input for displaying aftermarket electronics on the factory screen
- FLIR night vision camera integration
- Front camera or baby camera integration
