

## VOLVO-CAM

SKU# NTV-KIT294

The VOLVO-CAM is a rear view camera, video in motion and front view camera integration solution for select Volvo vehicles. The kit includes a high-quality Sony HAD II camera with a 170 degree field of view and a lux of .01 for stellar performance in low light conditions. The rear view camera image is shown automatically whenever the vehicle is placed into reverse and the front camera image can be forced on in any gear and at any speed. Video in motion for the factory DVD player is supported in any gear and at any speed for passenger entertainment.

**DOES NOT INCLUDE A FRONT VIEW CAMERA**

## VOLVO-CAM-12

SKU# NTV-KIT368

The VOLVO-CAM-12 is a rear view camera, video in motion and front view camera integration solution for select Volvo vehicles. The kit includes a high-quality Sony HAD II camera with a 170 degree field of view and a lux of .01 for stellar performance in low light conditions. The rear view camera image is shown automatically whenever the vehicle is placed into reverse and the front camera image can be forced on in any gear and at any speed. Video in motion for the factory DVD player is supported in any gear and at any speed for passenger entertainment.

**DOES NOT INCLUDE A FRONT VIEW CAMERA**

## VOLVO-VIM

SKU# NTV-KIT298

The VOLVO-VIM is a plug-and-play video in motion integration solution for select Volvo vehicles. It allows the factory DVD player to be viewed on the front LCD screen in any gear and at any speed for passenger entertainment.

**REQUIRES THAT THE FACTORY DVD PLAYER PLAYS A MOVIE ON THE FRONT SCREEN WHILE IN PARK**

## MOST-AUX-VOLVO

SKU# NTV-KIT143

The MOST-AUX-VOLVO is a M.O.S.T. fiber optic audio integration module that allows audio to be introduced digitally into the factory stereo system. Coupled with a video interface module, the MOST-AUX provides a true A/V input solution.

REQUIRE AN ACTIVE MOST FIBER OPTIC NETWORK

## RGB2+ SKU# NTV-KIT038

INTENDED USES

- Automatic rear view camera while in reverse
- Video input for displaying aftermarket electronics on the factory screen
- FLIR night vision camera integration
- Front camera or baby camera integration

Video In Motion For Aftermarket Video Devices Is Supported

2 Composite Video Inputs

Installs Behind The Factory LCD Screen

## 2007-2010 VOLVO C30
